

Rubbermaid HYGEN™ Single-Sided Mops

MICROFIBER DAMP MOPS

Superior microfiber textiles proven to remove 99.9% of microorganisms.¹

- Scrubbing strips for cleaning tough, dried-on stains
- Reduces water and chemical consumption up to 90% and 95% respectively
- Helps reduce cross-transmission (when using color-coded products by area or task)

MICROFIBER DUST MOPS

Best-in-the-industry performance with scrubbing strips and higher pile looped-end construction to capture and hold more dust and debris.

- Premium looped-end construction reduces linting and improves dust pickup
- Withstands up to 200°F hot water laundering for bleach-free sanitizing

BLEACH-SAFE DURABILITY

All Rubbermaid Commercial Products microfiber textiles are bleach-safe and proven to last longer and provide better cleaning efficiency than non-bleach-safe textiles.

- Rubbermaid bleach-safe microfiber withstands even the harshest high-PH detergents
- Bleach sanitizes textiles when laundering below 160°F (CDC minimum temperature when not using bleach)
- Bleach (hypochlorite-based) solution is the only CDC-recognized disinfectant for use in areas where Clostridium difficile or Creutzfeldt-Jakob Disease may be present

¹Always use cleaning chemicals or disinfectants as directed by your facility manager.

PROVEN TO REMOVE
99.9%
OF MICROORGANISMS¹

FGQ46000

50% MORE SURFACE AREA

Rubbermaid HYGEN™ fringed dust mops provide significantly greater surface area versus nonfringed mops for faster cleaning. Available in widths up to 60".
